SP6

MULTILANE STICKPACK

Distributed by Matrix, the INVpack SP6 is a vertical form fill seal multi-lane stickpack machine designed to meet a wide range of packaging needs.

Equipped with an industrial PC, touch screen, and servo-motorized activation, it enables precise control of key parameters such as pressure, temperature, sealing time, and sachet length, ensuring high-quality seals.

The SP6 is capable of achieving speeds of up to 70 cycles per minute, depending on the application.

Designed for medium to high production volumes, INVpack's SP6 is ideal for dosing applications involving liquids, pastes, granules, powders, and solids.

CONFIGURATION

One of the standout features of the INVpack multi-track vertical machines is their ability to optimize production costs relative to productivity per square meter. The INV-Easy design ensures safe access to various machine areas, making cleaning and maintenance more efficient. An inline check-weigher can also be integrated for enhanced quality control.

About Matrix Packaging Machinery

Matrix is a leading manufacturer of reliable, cost-effective, and easy-to-use vertical form fill seal (VFFS) machines designed for a wide range of flexible packaging applications. As part of ProMach's Flexibles & Trays business line, Matrix enhances its portfolio by partnering with Bartelt and FLtècnics for horizontal form fill seal (HFFS) and cartoning solutions. Bartelt, a trusted manufacturer of pouching, cartoning, and packing solutions, also serves as the master distributor for FLtècnics' rollstock and pre-made pouch machines. Together these brands highlight its innovation in automated packaging, delivering dependable, long-lasting solutions for food and non-food industries.

In addition, Matrix is the master distributor of INVpack stickpack and sachet systems and Pacraft pre-made pouch machines, offering tailored, high-efficiency packaging systems to meet the diverse needs of customers worldwide. Backed by ProMach, a global leader in packaging solutions, Matrix and Bartelt are dedicated to optimizing performance, protecting brands, and fostering trust across the packaging supply chain.
